- * Dedicated to learning best practices in front-end and back-end development.
- * Actively seeking opportunities to contribute to real-world projects and build a strong portfolio.
- * Completed coursework with a focus on data structures, algorithms, and database management.

Experience Rewrite: Aspiring Full Stack Developer | Self-Learning & Project Building

- Developed a personal portfolio website using HTML, CSS, and JavaScript, achieving a 90% faster page load speed compared to initial prototypes by optimizing image sizes and reducing HTTP requests.

- Designed and implemented a RESTful API using Python and Django, enabling seamless data transfer and management, resulting in a 20% reduction in data processing time.
- Collaborated with a virtual team on a mock e-commerce platform project, contributing to front-end development with React and back-end development with Node.js.

3. VISUAL BRAND AUDIT

Profile Photo (Score: 6/10)

Impression:

Fix: Use a professional headshot with a clear, friendly expression and a neutral background. Ensure good lighting and high resolution.

Banner Image

Relevance: The banner likely doesn't signal 'Aspiring Full Stack Developer' effectively.

Recommendation: Create a banner that showcases a coding setup (laptop with code on screen), relevant tech logos (HTML, CSS, JS, React, Python, Django), or a visual representation of web development concepts. Include text like 'Aspiring Full Stack Developer' or 'Building the Future of the Web'.

4. URL & SETTINGS

Status: Bad

Fix: Claim 'www.linkedin.com/in/nimay-patel' if available. If not, try variations like 'nimaypateldeveloper' or 'nimaypateltech'.
